

Instructors/Coaches

Instructors/Coaches are considered “inside of the bubble” and are required to be tested for COVID-19 at PGA TOUR, Korn Ferry Tour and PGA TOUR Champions events, or show proof of being fully vaccinated. In addition, anyone entering the grounds at a PGA TOUR, PGA TOUR Champions or Korn Ferry Tour event must go through a screening process that includes thermal scanning and a short questionnaire.

Even with the number of people on site increasing, it is important that you notify the PGA TOUR of your attendance. With that said, it is **MANDATORY** for you to register using the Player Support website: <https://playersupport.pgatourhq.com/> for PGA TOUR events. Click ‘Pre-Registration’ at the top of the page and scroll to register. Please be aware players are also required to inform us of their support teams’ attendance at events. In addition to registering for the tournament on the player support site, you will also find the tournament matrix which will provide details on parking, access, security gates, and dining.

All Coaches and Instructors will also need to register for testing through a Smartsheet link emailed a week prior to each event. Following a negative test result, Coaches and Instructors will receive an instructor card at the confirmation table to gain access. You must still register with the testing link even if you have been fully vaccinated and go to the confirmation table for your instructor card. Please upload your vaccination card to your Healthy Roster account. You are considered fully vaccinated two weeks (14 days) after your second dose of a two dose series (Moderna or Pfizer) or a single dose of the Johnson and Johnson vaccine.

At registration, each player will be provided with a range access credential to be used by a member of his support team (instructor/coach/trainer/manufacturer etc.). This card must be shown in conjunction to your PGA TOUR credential and the Instructor card.

Access Areas: GOLF INSTRUCTORS/COACHES

- Allowed on the range and practice areas but must adhere to social distancing guidelines and always stay 6 feet away from the player, if possible
- Required to wear a mask while on-site indoors and outdoors, unless actively eating or drinking OR fully vaccinated.
- Must have practice area practice card – given from player and different from testing confirmation card
- Should never have any direct contact with the player or touch the player with any instrument or device.
- Allowed to walk inside the ropes on the practice rounds in a socially distant manner
- Allowed to walk outside the ropes on competition days
- Restricted from Player Dining & Locker Room

Support personnel should plan to observe the player at a minimum of six feet away and are not allowed to touch the player, his clubs, or his bag.

The safety and well-being of everyone on-site continues to be our #1 priority. We appreciate your continued support of these measures and look forward to the return of the PGA TOUR. If you have any questions, please let us know.
